You don't have to give up quality design and construction for grilling versatility. MHP offers two grill head designs that are built to last with your choice of cooking system. All models feature our SearMagic Cooking Grids, a secondary cooking rack and electronic ignition.

Tri-Burn Cooking System

Three cast stainless steel oval burners and stainless steel heat plates with individual controls allows for more efficient indirect cooking.

Available on the the W3G4 & T3G4 Models.

Infrared Cooking System

Three infrared burners heat the grill in approximately 3 minutes while the intense heat seals in juices, allows for shorter cooking times and reduces flare-ups. *Available on the WRG4 & TRG2 Models.*

Hybrid Cooking System

Two in one grill for the ultimate in cooking versatility. Use the infrared burner for time-saving grilling and the cast stainless steel burners for traditional grilling. *Available on the WHRG4 & THRG2 Models.*

SEARMAGIC COOKING GRIDS

These high-performance, reversible, rust-free, anodized aluminum cooking grids heat up faster and cook foods at a uniform temperature. The ribbed side is perfect for steaks and burgers while the smooth side is ideal for delicate items such as fish or vegetables.

TRI-BURN BURNERS

Three cast stainless steel oval burners and flavor plates with individual temperature controls provide flexibility when cooking.

Available on the W3G4 & T3G4 models only.

HYBRID BURNERS

Three different cooking zones are created giving you ultimate flexibility—an infrared burner for time-saving grilling and two cast stainless steel burners for traditional grilling.

Available on the WHRG4 & THRG2 models only.

ALL INFRARED BURNERS

These burners quickly reach an intense heat that saves time and seals in meat juices for better flavor. The high intense heat also reduces flare-ups by vaporizing juices instantly.

Available on the WRG4 & TRG2 models only.
